SUMMARY

QA Engineer with hands-on experience in manual and automation testing of enterprise healthcare web applications using Playwright (Java), Selenium WebDriver, and TestNG. Experienced in building scalable, reusable automation scripts, running tests in parallel to reduce execution time, and validating APIs with Postman. Skilled in functional, regression, smoke, sanity, exploratory, and cross-browser testing, with a strong understanding of SDLC, STLC, Agile/Scrum, defect tracking in Jira, and cross-functional collaboration.

EXPERIENCE

Associate Quality Assurance Engineer **Aug 2025 - Present**

Techdome Solutions Private Limited *Hyderabad, India*

- Built and maintained Playwright (Java) automation scripts for a healthcare application, covering the search, results, and dashboard modules
- Designed scalable, reusable automation scripts that improved test coverage and maintainability across core application workflows
- Implemented multithreaded (parallel) test execution in the automation suite, reducing overall test run time
- Performed manual functional testing of a Healthcare Management System, validating features against documented requirements
- Executed smoke, sanity, regression, exploratory, cross-browser, and compatibility testing across web and mobile applications
- Logged and tracked defects in Jira with clear reproduction steps, severity, and screenshots, and managed version control using Git
- Worked in Agile sprints, collaborating closely with developers to drive timely bug fixes and on-time releases

Software Tester Intern **Feb 2025 - Jul 2025**

Healthletic Lifestyle Pvt. Ltd. *Remote*

- Analysed requirements and authored detailed test cases and scenarios to ensure complete functional coverage
- Executed smoke, functional, and regression testing to validate features against business requirements
- Identified, documented, and tracked defects in Jira with proper severity, priority, and reproduction steps
- Collaborated with developers during Agile sprints to retest fixes and support on-time releases
- Gained hands-on experience across the SDLC and STLC, including requirement analysis, test execution, and defect lifecycle management

SKILLS

Testing: Manual (Functional, Smoke, Sanity, Regression, Exploratory, Cross-browser & Compatibility), Automation (Selenium WebDriver - Java, Playwright - Java, TestNG, Page Object Model, Data-Driven Testing, BDD), API (Postman, Request/Response Validation)

Tools: Jira, Git, GitHub, Maven, Postman

Languages: Java

Methodology: Agile/Scrum, SDLC, STLC

PROJECTS

Wizlo / SmarterEMR - Telehealth EMR Platform (Manual & Automation) **Nov 2025 - Present**

[Playwright, Java, TestNG, Postman, Jira, Git]

- Tested key functionality across the search, results, and dashboard modules, validating behaviour against requirements and acceptance criteria
- Automated core EMR workflows across the same modules using Playwright (Java), reducing repetitive manual regression effort
- Applied multithreading to run automated test scripts in parallel, significantly reducing overall execution time
- Logged and tracked defects in Jira with clear reproduction steps, validated fixes during retesting, and managed script versions in Git each sprint

SalemSeats - Online Ticket Booking Platform (Manual & Automation) **Sep - Dec 2025**

[Jira, GitHub, Playwright, Java, TestNG]

- Performed end-to-end manual testing of the ticket booking flow, validating event/show listing, seat selection, seat availability, booking confirmation, and cancellation
- Executed positive and negative test flows for login, seat locking, pricing, and payment scenarios, reporting functional and UI defects in Jira
- Automated core booking workflows using Java with Playwright and implemented a TestNG-based framework for structured test execution
- Developed reusable page/action classes and assertion-based validations for booking summaries and confirmations to ensure functional accuracy
- Collaborated with developers and testers to improve overall product quality and test coverage

EDUCATION

Bachelor of Engineering **Sep 2021 - May 2024**

Rajiv Gandhi Proudyogiki Vishwavidyalaya (R.G.P.V), Bhopal, MP

Diploma **Aug 2017 - May 2020**

Maulana Azad National Urdu University, Hyderabad, Telangana
